Give a Shining Life Gift this Christmas

Are you looking to buy a gift for someone who already has everything? This year we are once again offering Shining Life Gifts. Shining Life Gifts are precious because they are genuinely needed.

Each gift purchased will help to fund our work with the tea plantation communities of Pupuressa, in central Sri Lanka. 1,098 people live on the tea estate of Pupuressa. Most of the families earn less than £25 a week and over 1/3 do not have a toilet. When we started working with the people of Pupuressa we asked them to identify what would make a real difference to them as they start to build a brighter future. It is these ideas that are being passed on to you as Shining Life Gifts. You can therefore be confident that each Shining Life Gift has been identified by the community as being important to them.

When you purchase a Shining Life Gift you will receive a gift card and a community photograph to pass on to your intended recipient; your chosen gift will be given directly to the families of Pupuressa. Shining Life Gifts will change the lives of the children in Pupuressa and thanks to you, your friends and family will know that they'll be making a real and lasting difference.

Please select your gifts from the following list and send payment to the address given below. Your Shining Life Gift card will then be sent out to you. Alternatively you can order and pay through our website www.shininglife.org.
